

## Declaration of grants and donations

Novo Nordisk is committed to providing on-going support for patient associations in therapeutic areas and charitable organisations where we feel we can make a difference. This includes financial and non-financial support in the form of sponsorship of educational meetings and charitable donations.

In 2017, Novo Nordisk supported Diabetes Ireland. The financial value of this support totalled €21,670. This included a corporate collaboration in the form of a Gold Card Membership (€10,000), a grant towards production of the 'Hypo Campaign' (€6,670) and sponsorship of the Diabetes Ireland Paediatric Study Day (€5,000). Novo Nordisk also provided a financial donation of €4,700 to St Vincent de Paul Society.

Non-financial support was provided to Diabetes Ireland in the form of administrative support for the organisation of the Hypo Campaign. In previous years non-financial support was provided to the Type 1 Diabetic Dublin Support Group through the use of the Novo Nordisk Ireland boardroom to facilitate their monthly meetings.
